Space Boy

Milo,
you are my
best friend
ever.

Promise
me you'll
never
leave.

Sweet enough to make you sick.

David

Flavor: Peanuts and Caramel.

Sweet and nourishing. Reliable and solid. Considerate and wants to please.

Reminds Amy of Dylan.

Cassie

Flavor: Red Pepper.

Hot and sassy. Ready to fight for her friends.

Or maybe just ready to fight.

It's just as I feared. There is no objective reality. The cosmos is but a façade for the Nothing.

I'll put out some cat treats. Cats love cat treats.

Sigh.

Here, kitty, kitty, kitty!

Thanks friends!

Sorry, if I didn't respond to your comment. I made sure to read them all! You guys are the best.

SEE YOU NEXT WEEK, SPACE CADET...

Eleni Giz

BEST Author, it would be nice to draw every character next to his or her personal flavor ! love your comic the most

Milo!

Where are you?!

Oh, God. Maybe I never had a cat. Maybe it was all an illusion.

Have you tried looking in the laundry basket? Cats love laundry baskets.

I'm Amy.
Amy...
Nice to meet you.

Maybe.

I love this so much omg Since Oliver is scared of things ceasing to exist,
what would he be like if he gets a cat and can't find it?
(It was hiding in the bed sheets the whole time)
how would he respond to finding it?

Mom

Flavor: Mint.

Sharp and bright.

If you're with someone long enough, your flavors become one. I guess Mom and Dad will some day have the flavor of mint hot chocolate. Sounds pretty good.

Pammy & Eli

Flavor. Rhubarb Pie.

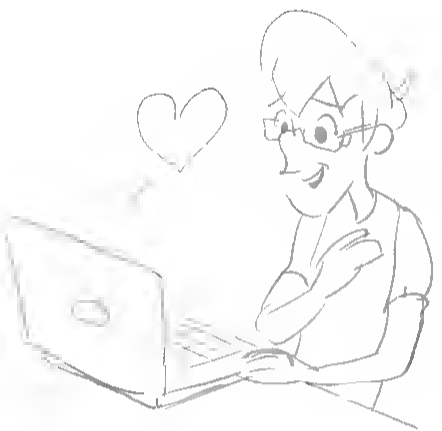
Tart and refreshing. Young at heart.

I get the sense these two have been all over the solar system together.

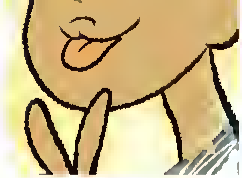
Dola

Flavor. Cotton Candy.

Aw! You guys!
Thank you so much for
the amazing support
and feedback!

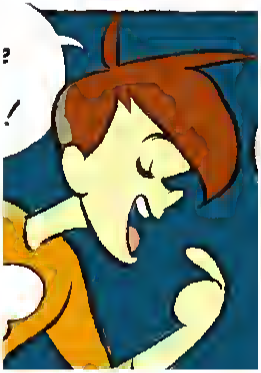


It was scary
to have to pause the comic
for a week. I really appreciate
how understanding you
all are!



Spicy and fierce, level-headed and self-assured.

Likes scary movies.



Dylan

Flavor. Nutty like a peanut butter sandwhich.

Has a crush on Amy.

Or does he?

Dad

Flavor. Hot Chocolate.

Sweet and full of gentle warmth.

Currently studying to be a geology teacher.

Zeph

Flavor. Orange Jello.

Pleasant, with a nice tangy zest, but ultimately a bit awkward at dinner parties.

Has a crush on Amy. Or does he?

No. He does. He's got it bad.

Maki

Flavor: Strawberry Mochi

Sweet and subtle, a bit strange in some ways but always polite and generous.

Sigh.

And now it's time for some fan art!

Hoshina Utau (C.C.)

wait o-o where do we send the fanarts?

Oh my gosh! I'm so sorry!
I didn't give you guys an email
or anything!

doodlealley@gmail.com

If you
made fan art but weren't
able to send it to me, please
send it along anyways! There will
most likely be another catchup week
(though hopefully not too soon)
and I can post it
then.

Do you have any plans for print version of the comic?

SPACE BOY

CHARACTER GUIDE

Amy

A flavor like pomegranate.

Ordinary on the outside, but inside she carries a hidden treasure of sweetness and joy. Like a pomegranate.

Or maybe she has a flavor more like lilac? Ahmm.

Jemmah

Amy's best friend.

A flavor like pineapple and jalapeno.

And now it's time for some fan art!
(for reals)
